National Debts and U. S. Stocks.

The creation of national debts is not a

ries of Three Hundred Millions, payable of personal property, is a modern wonder, three years from the 15th day of June, 1865, ing a million sterling by loan in 1692, and was begun on the 1st of April, In the short when her great contest with Louis XIV. was space of thirty days, over One Hundred Mil-terminated, the debt had reached fifty millions of this series have been sold—leaving then alarmed at the great burden which had this day less than Two Hundred Millions to been imposed upon the industry of the country, but when the war of the Austrian succession had swelled this amount to sight be disposed of. The interest is payable semi-annually, in currency, on the 15th of De millions, Macaulay says that historians and orators pronounced the case to be desperate. cember and 15th of June, by Coupons attach-ed to each note, which are readily cashed any. where. It amounts to day had certainly arrived. David Hume said that, although, by taxing its energies to the utmost, the country might possibly live through it, the experiment must never be repeated,—even a small increase might be fatal. Granville said the uston must sink under it unless some portion of the load was borne by the American Colonies, and the at-tempt to impose this load produced the war of the revolution, and, instead of DIMINISHUM, added another hundred millions to the bur den. Again, says Macaulay, was England given over, but again she was more pre peace footing, thus withdrawing from market ous than ever before. But when at the close of her Napoleonic wars in 1816, this debt had This is the ONLY LOAN IN MARKET over eight hundred millions sterling, or four thousand three hundred million dellars, or now effered by the Government, and constinearly one half the entire property of the
